

ZANUSSI

SelfClean Series 60 The Self Cleaning Pyro Oven

SelfClean

The Series 60 SelfClean oven with pyrolytic technology means you will never have to scrub the oven again. When the setting is turned on, the door will lock, and high temperatures will be activated, turning cooking residue into ash. It can be simply wiped away once the oven has cooled.

AirFry & PlusSteam on Selected Models

AirFry - The oven comes with an extra tray that allows even more air circulation to deliver crisp and evenly cooked food.
PlusSteam - pour water into the base, press the button to create steam and then just watch your bakes rise!

Different Levels of Cleaning

There are two levels of SelfClean.

1. 1h 30min for a usual degree of soilage – perfect for monthly clean.
2. 2h 30min for a higher degree of soilage – perfect for deep clean once or twice a year.

FanCook

The clever placement of the fan in Zanussi's FanCook ovens means you can cook multiple dishes at the same time without flavours transferring between them. Better still, you can cook at lower temperatures, meaning your meals are ready sooner, won't dry out and will stay moist. Also you'll save money on your energy bills!

ZANUSSI

AirFry Series 40

AirFry

AirFry means consumers can now make healthier, crispy and delicious meals for the entire family using the hottest trend in cooking, while eliminating the need for an expensive, bulky countertop appliance.

Series 40

If you want to come home to hot meals, Series 40 ovens have a fully programmable timer which can cook your food and automatically switch off when you tell it to. Duration cook simply turns off the oven for you and minute minder is great for reminding you to check on a dish – giving you more time to relax. Available in silver or black.

FanCook Series 20

FanCook

The clever placement of the fan in Zanussi's FanCook ovens means you can cook multiple dishes at the same time without flavours transferring between them. Better still, you can cook at lower temperatures, meaning your meals are ready sooner, food won't dry out and will stay moist. Also you'll save money on your energy bills!

Series 20

Some models have PlusSteam – just pour water into the base, press the button to create steam and then just watch your bakes rise! Steam makes crusts crispier and insides fluffier. Series 20 has a duration cook which turns the oven off automatically and a minute minder to remind you to check your cooking. Available in silver or black.
