2. ACCESSORY OVERVIEW

The installed accessory allows to adjust system height from minimum 865mm to the maximum 885mm.

⚠ WARNING!

This accessory is meant only for the Built In machine.

3. BEFORE INSTALLATION

3.1 Be prepared for installation

⚠ WARNING!

It is strongly recommended that this action is carried by two person.

⚠ WARNING!

Before proceeding with installation, make sure there is enough room.

3.2 Verify box content.

i

Box contains each 4 screws for washing machine and wash-dryer.

4. INSTALLING THE ACCESSORY

1. Extract the pedestal and all accessories from the box.
2. **If you install the pedestal under a brand new appliance**, unpack the appliance as indicated in the instructions supplied with it and then proceed with step 6.

i

Do not remove the transit bolts.

3. If the **appliance is already connected**:

- Disconnect the main plug from the mains socket.
 - Close the water tap.
 - Disconnect the inlet hose from the water tap and let the water flow out from the inlet hose and the drain hose and collect remaining water in a shallow basin.
 - Close appliance door.
4. Remove the plastic caps on the back of the washing machine.

5. Add the three transit bolts, to immobilize the washing group.

⚠ WARNING!

Before proceeding to point 6. Make sure that appliance door are closed.

6. Gently lay the washing machine on the side of the detergent dispenser.

i

Put two pieces of styrofoam on the floor and carefully put down the appliance onto it's side. In this position you will have easy assembly and avoid any scratches.

7. Remove the appliance adjustable feet.

8. Lay the pedestal on the same size and align it under the appliance correctly.

i

To help in installation the pedestal has indication front-to-back.

9. Screw the brackets using the screwdriver on the pedestal.

10. Put the pedestal and appliance in vertical position . If necessary, adjust the appliance height. Check if the screws are firmly screwed.

⚠ WARNING!

Do not exceed the maximum height 885mm.

⚠ WARNING!

Remove transit bolts.

11. Put the pedestal/appliance in the desired place and level it by screwing the stand feet. For a perfect levelling, use a spirit level.

12. Connect the appliance as indicated in the instructions supplied with the appliance.
